4. Python, Java, etc

EXPERIENCE

Committee of FSKTM Orientation Day

HEP FSKTM

Being a committee of FSKTM Orientation Day, I need to communicate effectively with other committee, and staff member. This require me to develop my skills in active listening, collaboration and effective verbal and written communication.

Secretariat of Media Department

UMSU-FSKTM Universiti Malaya

Being a secretariat of media department, it requires a commitment of time and energy. This helps me to develop my skills in time management and organization, as I learn to balance my responsibilities with other commitments such as classes, work or extracurricular activities.

Biro of Kelas Kebudayaan Cina

Kolej Kediaman Kinabalu, Universiti Malaya

As biro of Kelas Kebudayaan Cina, I need to teach about Chinese culture. It is a difficult process for me to develop and experiment with various teaching strategies. I learn to tailor my teaching approach to meet the needs and learning styles of different races, while also ensuring that they are achieving the required learning outcomes.

HONORS & AWARDS

1. Dean List 2021, 2022
2. Code Necton 2022 5th place (Hackathon)
3. Code Necton 2022 Finalist (Competitive Programming)
4. UM Hackathon 2022 Finalist

PROJECTS

• One Scanner Mobile Application

This is an android mobile application which has implemented with some HMS kit. It can be used as QR code or barcode scanner, text recognition scanner and landmark scanner.
